The Commercialization of Catholic Feasts/Holy Days.

Nick Kwiek

Religion teacher: Manistee Catholic Central

Why do we celebrate a third century priest-martyr with pink heart-shaped cards and chocolates? Why do we celebrate a fifth century missionary bishop with green food coloring and beer? Without undue hostilities, we will investigate and discuss the secularization and commercialization of our Catholic Holy Days and discover ways to re-Catholicize our celebrations.

February 21st @ 7:00 p.m.

Theology of the Body

Marie Hahnenberg - Diocese of Gaylord's Female Vocations Facilitator

Theology of the Body helps us learn to receive God's love so we can give and receive it with others in our lives. Instead of seeing the body as bad or dirty, the Theology of the Body reveals that our body and its desires actually point us to the meaning of life!

Theology on Tap is a discussion series for Catholic young adults and their friends, married and single, in their 20s and 30s.
